
TRAINING SOCCER GOAL ALUMINIUM -EASYTEC-

SKU: 30012-E

- 7.32 x 2.44 m
- Projection 2.0 m
- Safety net hooks
- Color: natural aluminum

PRODUCT DESCRIPTION

TRAINING GOAL ALUMINUM -EASYTEC- 7.32 X 2.44 M

The **training goal aluminum** -easytec- includes safety net hooks, which are made of plastic. For the safety of the athletes, these are designed very flat, so that they protrude only slightly from the goal frame profile. The net is attached to the ground frame using a rod system (not included). The goal already has welded-on eyelets for fastening.

The training goal is made of aluminum and measures 7.32 x 2.44 m. It has an upper projection of 0.80 m and a lower projection of 2.00 m. The goal is fully welded. The goal is fully welded and is made of oval aluminum profiles measuring 100 x 120 mm. The net hoops are also made of 60 x 3.5 mm profiles. The goal comes in **natural aluminum color**. In addition, there is a device for anchoring to the ground, so that the training goal can be secured from tipping over.

Certification

TÜV-tested (TÜV - German Association for Technical Inspection), the training goal made

of aluminum -easytec- complies with the applicable safety regulations of the DFB (German Football Association) and FIFA. It is manufactured in Germany according to DIN standard 748.

Important note: The training goal made of aluminum -easytec- must be secured against tipping!

In addition, the goal net for the training goal and the rod system for net attachment to the ground frame must be purchased.

Robust training goals and more from the manufacturer

At artec® Sportgeräte you get everything your soccer heart desires.
