

90° ALUMINUM ELBOW

SKU: 45130

- For barriers
- Weatherproof

PRODUCT DESCRIPTION

90° ELBOW MADE OF ALUMINUM FOR BARRIERS

The **90° elbow** is robustly made of aluminum. It is protected against creeping water, weatherproof and has an extraordinary durability.

At artec® you can also get complete barrier systems for a runway with 400 m length. For an individual offer, our team is at your disposal!

Component

90° Curve
