PRODUCT DESCRIPTION

GERMAN ARMED FORCES STANDARD ALUMINUM HANDBALL GOAL

The **handball goal** made of aluminum in the size of **3 x 2 m** is made of a square aluminum profile with the dimensions 80 x 80 x 3 mm. The frame of the goal is completely welded in one piece. Welded corner connectors additionally provide a **very high stability**. The ground frame is further made of a square aluminum profile with rounded edges for the safety of the athletes. The net hoops are also made of a 3.5 mm thick round tube with a diameter of 60 mm. The **goal projection is 1.40 m**.

The goal net is mounted to the frame of the handball goal by means of the **milled-in net suspension**, which is **deburred on both sides** and guarantees a net-friendly and exact hold of the handball goal nets for **safe playing**. The goal net is attached to the ground frame with the help of welded eyelets and a tension rope (not included).

Note: Goal net not included.
