

ALUMINUM STREETBALL SYSTEM

SKU: 38920-1

- 1.25 m projection
- Aluminum backboard
- With hercules net

PRODUCT DESCRIPTION

ALUMINUM STREETBALL SYSTEM, SINGLE MAST

The **aluminum streetball system** is extremely robust and is ideal for outdoor use. The single-pole system consists of aluminum profiles with the dimensions 300 x 120 mm and a thick wall thickness of 8 mm. The **projection is 1.25 m**.

Weatherproof basketball system

The streetball system is equipped with a weatherproof **aluminum backboard**. The dimensions of the backboard are 1,20 x 0,90 m. In addition, the facility comes with a hot-dip galvanized basketball hoop and a **hercules net with steel inlay** (color: green).

Important note: According to DIN EN 1270, basketball stands with a projection of less than 2.25 m must be equipped with a [protective pad](#).

Streetball facilities and sports equipment from the manufacturer

In addition to streetball systems, we also have single-mast basketball systems, double-mast basketball systems and basketball systems for wall mounting in our program. Get

also an overview of our different designs of outdoor basketball systems!
