

ALUMINUM TEAM CABIN COLOGNE - EASYTEC-

SKU: 30199-E

- Various sizes
- Inclined roof
- Fully welded
- Completely made of aluminum
- With carrying handles

PRODUCT DESCRIPTION

FULLY WELDED RESERVE BENCH COLOGNE MADE OF ALUMINUM

The **aluminum team cabin COLOGNE** is completely made of thick-walled aluminum profiles and reinforced several times. This creates an exceptionally **stable and durable team cabin**. The roof is inclined to the back, so that rain can run off. In addition, the cabin has carrying handles welded on both sides for **comfortable transport** and welded lugs (4 pieces) for floor anchoring. For a reliable fastening, we recommend our matching [ground anchor sockets \(set of 4\)](#).

Aluminum team cabin in different sizes

The coaches cabin is available as standard in **3 m, 4 m and 5 m** length. Further lengths are available **on request**. All versions have a height of 2.25 m and a depth of 1 m. The cabin is delivered in one piece, so that **no major assembly effort is required**. On the part of artec® we recommend the additional anchoring to the ground.
