PRODUCT DESCRIPTION

TENNIS POSTS MADE OF ALUMINUM, SQUARE PROFILE

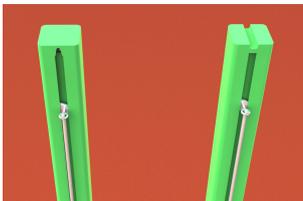

The aluminum **tennis posts** are available with different finishes: **anodized (aluminum)**, **white powder coated**, **green powder coated**. They are made of a square aluminum profile with dimensions 80 x 80 mm and also have the following features:

- Easy and quick net fixing with rod system.
- Net tensioning with internal threaded spindle
- Including removable crank
- Weather resistant design

Note: The price for the tennis posts in square profile is per pair!

In addition to the tennis posts for mounting in ground sockets, artec® also offers mobile tennis systems for flexible use.
