

BASKETBALL SYSTEM AS WALL CONSTRUCTION

SKU: 38930-1

- 1.25 m projection
- Made of aluminum
- With backboard, hoop and net

PRODUCT DESCRIPTION

ROBUST BASKETBALL SYSTEM AS WALL CONSTRUCTION

The **basketball system** as a wall construction has a **projection of 1.25 m**. The basketball frame is made of aluminum and welded in one piece, which makes it extremely stable and durable. The backboard is made of weather-resistant coplast and measures 1.20 x 0.90m. The basketball system is also equipped with a **basketball hoop made of galvanized steel**, powder-coated in the color orange. The sturdy chain net is also galvanized.

Basketball systems and sports equipment from the manufacturer

In addition to fully equipped basketball systems for mounting on the wall, we also have single-mast basketball systems and two-mast basketball systems in our range. You are also welcome to get an overview of our various designs of outdoor facilities for basketball!
