

BASKETBALL SYSTEM TO FOLD-IN

SKU: 38935-1

- 1.25 m projection
- Made of aluminum
- Wall construction
- With backboard, hoop and chain net

PRODUCT DESCRIPTION

FOLD-IN BASKETBALL SYSTEM MADE OF ALUMINUM

The fold-in **basketball system** is mounted on the wall and can be swung to the side. It is made of aluminum and has a **projection of 1.25 meters**. The basketball frame is welded in one piece, which makes it extremely stable and durable. The backboard is made of weather-resistant coplast and has a size of 1.20 x 0.90m. The fold-in basketball system is also equipped with a **steel basketball hoop**, which is galvanized and also powder-coated in the color orange. The sturdy chain net is also made of galvanized steel.

Basketball systems and sports equipment from the manufacturer

In addition to high-quality basketball systems for wall mounting, we also have single-mast basketball systems and two-mast basketball systems in our range. Get also an overview of our different designs of outdoor basketball equipment!
