- Fully welded
- Back and side walls completely made of macrolon glass
- With carrying handles

PRODUCT DESCRIPTION

COACHES BENCH BREMEN WITH MACROLON GLAZING

The **BREMEN coaches bench** is fully welded and made of high-quality aluminum profiles. This creates an exceptionally **stable and durable team cabin**. The rear wall as well as the side walls of the coaches bench are also completely made of modern macrolon glazing, so that excellent visibility conditions are provided. The roof is curved backwards, allowing rain to drain away. In addition, the cabin has carrying handles welded on both sides for **comfortable transport** and welded lugs (4 pieces) for floor anchoring. For a reliable fastening, we recommend our matching [ground anchor sockets \(set of 4\)](#).

Coaches cabin in different sizes

The high-quality coaches bench is available as standard in **3 m, 4 m and 5 m** length. Further lengths are available **on request**. All versions have a height of 2.25 m and a depth of 1 m. The cabin is delivered in one piece, so that **no major assembly effort** is required.

ARTEC SPORTGERÄTE GMBH

On the part of artec® we recommend the additional anchoring to the ground.

The artec® coaches cabins are guaranteed not to leave you sitting in the rain! Protected from wind and weather, you can watch the game in the cabin. Our cabins are manufactured in Germany in the **highest quality** and are therefore in use on many sports grounds. Please also inform yourself about technical details of our [robust team cabins!](#)

Sports equipment directly from the manufacturer

At artec® you get everything for the soccer field from one source: Besides the coaches bench BREMEN you get goals in different designs (e.g. [soccer goals in size 7,32 x 2,44 m](#), [training goals](#) or [recreational goals](#)), [goal nets](#) and further [soccer accessories](#).
