SKU: 30195-E

- Various sizes
- Curved roof
- Fully welded
- Macrolon in the upper part
- With carrying handles

PRODUCT DESCRIPTION

COACHES CABIN MUNICH MADE OF ALUMINUM AND MACROLON

The **MUNICH coaches cabin** is fully welded and made of high-quality aluminum profiles. This results in an extraordinarily **stable and durable team cabin**. The upper area of the rear wall as well as the side walls also consist of macrolon glazing for optimal visibility. The roof is curved backwards, which allows rain to drain away. In addition, the cabin has carrying handles welded on both sides for **comfortable transport** and welded lugs (4 pieces) for floor anchoring. For a reliable fastening, we recommend our matching [ground anchor sockets \(set of 4\)](#).

Top quality coaches cabin

The robust coaches cabin is available in **3 m, 4 m, 5 m and 6 m** length. Other sizes are available **on request**. All versions have a height of 2.25 m and a depth of 1 m. The cabin is delivered in one piece, so that **no major assembly effort** is required. On the part of artec® Sportgeräte we recommend the additional anchoring to the ground.

The artec® coaches cabin is guaranteed not to leave you sitting in the rain! Protected from wind and weather, you can follow the action on the field in the cabin. Our cabins are manufactured in Germany in the **highest quality** and are therefore in use on many sports fields. Please also inform yourself about technical product details of our [robust coaches cabins!](#)

Team cabins and more directly from the manufacturer

At artec® you get everything for the soccer field from one source: In addition to the coaches' cabin MUNICH, you get goals in different designs (e.g. [large field goals](#) in the size 7.32 x 2.44 m, [training goals](#) or [recreational goals](#)), [goal nets](#) and other [soccer accessories](#).
