

FOLD-IN BASKETBALL SYSTEM

SKU: 38935

- 1.65 m projection
- Made of aluminum
- Wall construction
- With backboard, hoop and chain net

PRODUCT DESCRIPTION

FOLD-IN BASKETBALL SYSTEM FOR WALL MOUNTING

The fold-in basketball system is mounted on the wall and can be swung to the side. It is made of aluminum and has a **projection of 1.65 m**. The basketball frame is welded in one piece, which makes it extremely stable and durable. The backboard is made of weather-resistant coplast and has a size of 1.20 x 0.90m. The fold-in basketball system is also equipped with a **basketball hoop made of galvanized steel**, powder-coated in the color orange. The sturdy steel chain net is also galvanized.

Basketball systems and sports equipment from the manufacturer

In addition to basketball systems for wall mounting, we also have single-mast basketball systems and two-mast basketball systems in our assortment. Get also an overview of our different designs of outdoor basketball equipment!
