- Foldable net holders

PRODUCT DESCRIPTION

FOLDABLE MINI FOOTBALL GOAL SMARTLINE

The **foldable mini football goal SmartLine** combines a sturdy aluminum construction with a particularly **light weight.** Measuring **1.20 x 0.80 m**, this mini goal weighs **less than 10 kg.** According to DFB specifications, this makes it perfect for use in G-, F- an E-youth teams as well as for the new forms of play that will be mandatory from the 2024/25 season in Germany. Thanks to its low weight and foldability, the mini football goal SmartLine is **easy to transport and store**.

We have summarized more about the various possible uses of mini goals on our blog.

PREMIUM-CLASS FOLDABLE MINI FOOTBALL GOAL FOR FUNINO

The base frame of the mini goal consists of two halves that **can be easily folded up.** After folding up the base frame, the net brackets can be folded onto the goal frame. This allows the goal to be **stored compactly and space-savingly.** Thanks to its well-thought-out design, the goal can be set up and taken down in just a few minutes – ideal for quick

changes of playing field or transport to different locations.

Like all our mini goals, our foldable mini football goal SmartLine is made of **high-quality aluminum profiles**, which gives it high resistance and a long service life. The open back frame and the milled premium net suspension ensure that the net is securely and gently attached.

Note: Goal net not included in the scope of delivery.

MINI GOALS AND SPORTS EQUIPMENT FROM THE MANUFACTURER

In addition to fully welded mini football goals, we also offer other types of goals: whether **full-size goals**, **training goals**, **youth soccer goals,** or **recreational goals**—we have the right goal for everyone! Feel free to find out more about our various goals.
