

FOOTBALL GOAL WITH ADJUSTABLE PROJECTION

SKU: 30975-SAV

- Adjustable projection
- Upright: 9.15 m
- Crossbar at a height of 3.05 m

PRODUCT DESCRIPTION

STURDY FOOTBALL GOAL WITH ADJUSTABLE PROJECTION

The **football goal with adjustable projection** can be continuously adjusted by means of a telescopic extension. This makes **projections of 2.50 m to 1.80 m** possible. The **adjustment mechanism** located inside avoids injuries when adjusting the projection and protects against the effects of the weather. The crossbar is mounted on a solid steel upright (profile 150 x 150 mm) at a height of 3.05 m. The uprights have a height of 9.15 m. The entire **upper construction is made of aluminum**. The football goal is securely anchored to the ground with [ground sockets](#) (not included).
