SKU: 30052-E

- 5 x 2 m
- Color: natural aluminum
- Projection 1.00 m
- Safety net hooks

PRODUCT DESCRIPTION

ROBUST YOUTH GOAL WITH NET HOOKS

Buy fully welded aluminum youth goal from the manufacturer! The youth goal has a dimension of 5 x 2 m and is **made of aluminum**. In this version, the goal includes plastic hooks for net attachment. The youth goal has high **stability and durability** for several reasons: The oval profile (100 x 120 mm) used for the goal frame as well as the ground frame is very robust due to the high wall thickness. In addition, the youth soccer goal is completely welded in one piece and comes with extremely strong weld seams. The corner connectors, which are also welded in, provide additional stability to the construction.

Note: Goal net not included.

Fully welded aluminum youth goal - very sturdy design

The aluminum youth goal is equipped with net hoops made of round tube profiles (60 x 3.5 mm). This results in the following projections: 0.80 m at the top and 1.00 m at the bottom. It is essential to secure the free-standing and fully welded youth goal **against**

tipping over. Therefore, the goal has a device for ground anchoring (for e.g. ground nails/spirals). For better handling, **side carrying handles** have also been attached.

TÜV-tested quality

The youth goal is equipped with the **easytec net suspension**. This means that the goal net is mounted with the help of net hooks. The extremely flat designed **safety net hooks** are made of plastic. Due to the excellent design, they protrude only slightly from the goal frame profile. They can also be mounted quickly and easily. To attach the soccer ball goal net, eyelets are welded to the ground frame of the youth goal. Also required is the rod system for securing the net to the ground frame (not included).

The fully welded youth goal -easytec- is manufactured in the **highest quality** and in Germany. The goal is also manufactured according to the valid DIN standard 748 and is **certified by TÜV** (TÜV - German Association for Technical Inspection). This ensures that our customers get a safe youth soccer goal.

Youth goals directly from the manufacturer

Buy the fully welded aluminum youth goal directly from the manufacturer!
