PRODUCT DESCRIPTION

ALUMINUM YOUTH GOAL

Buy fully welded **aluminum youth goals** directly from the manufacturer! The fully welded aluminum youth goal has a **size of 5 x 2 m**. It is characterized by the high quality and the associated long lifetime. The stability of the goal construction is achieved by the fact that the goal is completely **welded in one piece** and has welded corner connectors for additional stabilization. The goal frame as well as the ground frame are made of an oval profile of aluminum (100 x 120 mm) with a wall thickness of 2.5 mm.

Note: Goal net not included.

Free-standing goal with 2.00 m projection

The youth goal is free-standing and therefore it is essential to secure it from tipping over. For this purpose, the youth goal has a **device for anchoring to the ground**. Furthermore,

the goal is equipped with net hoops made of a round tube profile (60 x 3.5 mm), resulting in the following projections: 0.80 m at the top and 2.00 m at the bottom. Side-mounted **carrying handles** also ensure good handling of the fully welded youth goal.

Fully welded aluminum youth goal from the manufacturer

The **aluminum youth goal** is manufactured in Germany according to DIN 748 and thus complies with FIFA and DFB (German Football Association) requirements. The goal is also **TÜV (TÜV - German Association for Technical Inspection) certified**.

In the **premium version**, the fully welded youth goal has a **milled net suspension**, which is deburred on both sides. As a result, the soccer goal net has an optimal fit in the goal, so that it is firmly fixed in the goal frame profile even under high dynamic forces. For mounting on the ground frame, an additional rod system (not included) is required. For this purpose, the youth goal already comes with welded-on eyelets.

Our youth goals with milled net suspension can additionally be equipped with the **ARENA net protection**. The ARENA net protection is used to close the milled net suspension precisely and to protect the soccer goal net against theft. It is fixed in place with a screw lock.

Youth goals directly from the manufacturer

Buy fully welded aluminum youth goals directly from the manufacturer! At artec® you are guaranteed to find the right goal: Whether fully welded aluminum youth goal, large field goals, training goals, recreational goals or even mini goals - there is something for everyone!
