

## FULLY WELDED COACHES CABIN FRANKFURT

SKU: 30194

- Various sizes
- Inclined roof
- Made of aluminum
- Upper sides made of macrolon
- With carrying handles and base plate

### PRODUCT DESCRIPTION

#### FULLY WELDED COACHES CABIN FRANKFURT

The **fully welded coaches cabin** is made of thick-walled aluminum profiles and reinforced several times. This results in an exceptionally **stable and durable premium class coaches cabin**. The upper part of the side walls is made of macrolon glazing to achieve optimal visibility. The roof is inclined to the rear so that rain can run off. In addition, the cabin has carrying handles welded on both sides for **comfortable transport** and welded lugs (5 pieces) for floor anchoring. For a reliable fastening, we recommend our matching [ground anchor sockets \(set of 5\)](#).

#### Team and coaches cabin in different sizes

The coaches cabin is available as standard in **3 m, 4 m and 5 m length**. Further lengths are available **on request**. All versions have a height of 2.25 m and a depth of 1 m. The cabin is delivered in one piece, so that **no major assembly effort** is required. On the part of artec®
