

## FULLY WELDED PROFESSIONAL TRAINING SOCCER GOAL -EASYTEC-

SKU: 30010-E

- 7.32 x 2.44 m
- Safety net hooks
- Rectangular profile in the ground frame
- Color: natural aluminum

### PRODUCT DESCRIPTION

#### FULLY WELDED PROFESSIONAL TRAINING GOAL WITH NET HOOKS

The professional training goal in the easytec version includes **net hooks** that can be quickly and easily mounted in the goal post and bar profile. For the safety of the athletes, these are also **designed to be extremely flat**. The goal net continues to be attached to the ground frame via a pole system (not included). The fully welded professional training goal has a size of 7.32 x 2.44 m and has an **extraordinary stability**. The goal is free-standing, which allows it to be used flexibly on the sports ground. To prevent tipping, the goal comes with a **device for anchoring to the ground**.

The **aluminum** training goal is fully welded and has welded corner connectors. The goal frame is made of an oval profile 100 x 120 mm, while the ground frame is made of a rectangular profile 80 x 60 mm with rounded corners. The use of **net hoops** also results in the following projections: The upper projection is 0.80 m, while the lower projection is 2.00 m.

## Certified training goal

The training goal is manufactured in accordance with the applicable safety regulations and thus complies with the specifications of the DFB (German Football Association) and FIFA. You get a fully welded professional training goal with **TÜV certificate** (TÜV - German Association for Technical Inspection)!

**Important note:** The professional training goal must always be secured against tipping over!

The pole system for fastening the soccer goal net to the ground frame as well as the goal net are not included in the delivery.
