

## FULLY WELDED YOUTH GOAL 5 X 2 M

SKU: 30076

- Type PROTECTOR
- 5 x 2 m
- Color: natural aluminum
- Milled net suspension
- Projection 1.50 m

### PRODUCT DESCRIPTION

#### FULLY WELDED YOUTH GOAL 5 X 2 M

High quality and fully welded **youth goal 5 x 2 m** for the soccer field! The youth soccer goal is made of aluminum and has **exceptional stability** for various reasons: The oval aluminum profile with the dimension 100 x 120 mm used for the goal frame has a wall thickness of 2.5 mm and is therefore very robust. In addition, the youth soccer goal is completely **welded in one piece**. The welds are of the highest quality. Welded corner connectors also provide additional stability.

#### Youth goal with TÜV certificate

The ground frame of the fully welded youth goal consists of a rectangular aluminum profile with the dimensions 80 x 60 x 3 mm. This has rounded corners to keep the risk of injury as low as possible. Furthermore, the youth soccer goal comes **with net hoops** made of round tube profiles (60 x 3.5 mm), resulting in an upper projection of 0.80 m and a **lower projection of 1.50 m**.

The fully welded youth goal is of the highest quality and is manufactured in Germany according to the valid DIN 748 and is **TÜV tested** (TÜV - German Association for Technical Inspection).

### **Youth goal in the size of 5 x 2 m with milled net suspension**

The youth soccer goal is equipped with the **premium net suspension**. For a particularly safe and net-friendly installation of the goal net, it is deburred on both sides and has **no sharp edges**. To attach the goal net to the ground frame, a tensioning rope or rod system is required (not included). For this purpose, the goal already comes with welded eyelets.

### **Anti-tilt youth soccer goal**

In order to secure the fully welded youth goal 5 x 2 m from tipping over, an **anti-tilt system** is screwed to the ground frame. This consists of an aluminum profile, which contains a **steel filling**. Furthermore, the goal has special wheels so that it can be moved around the sports facility. The foamed air wheels offer optimal running characteristics. The goal can be **moved lengthwise**.

### **Small field goals directly from the manufacturer**

Buy fully welded youth goals 5 x 2 m directly from the manufacturer! With us, you are guaranteed to find the optimal goal for your purpose: Whether youth goals in the size 5 x 2 m, large field goals, training soccer goals, recreational goals or even mini goals - there is something for everyone!
