

HANDBALL GOAL 3 X 2 M ALUMINUM

SKU: 31040

- Made of aluminum
- Milled net suspension
- Goal frame fully welded
- Projection: 1.25 m
- Different colors available

PRODUCT DESCRIPTION

HANDBALL GOAL 3 X 2 M

The **handball goal** 3 x 2 m is made of a square aluminum profile with the dimensions 80 x 80 x 3 mm. The frame of the goal is completely welded in one piece. Welded corner connectors additionally ensure **high stability**. The ground frame is further made of a square profile with rounded edges for the safety of the athletes. The net hoops are also made of a 3.5 mm thick round tube with a diameter of 60 mm. The **goal projection is 1.25 m**.

The net is mounted to the goal frame by means of the **milled-in net suspension**, which is **deburred on both sides** and guarantees an exact and net-protecting hold of the handball goal nets for **safe playing**. The goal net is attached to the ground frame with the help of welded eyelets and a tension rope (not included).

Note: Goal net not included.
