### PRODUCT DESCRIPTION

#### HANDBALL GOAL WITH NET OVER HOOP

The **handball goal** with net over hoop in the **size 3 x 2 m** is made of a square aluminum profile with the dimensions 80 x 80 x 3 mm. The goal is completely welded in one piece. Additional welded corner connectors also provide an **extraordinarily high stability**. The ground frame is also made of a square profile with rounded edges for the safety of the athletes. The net hoops are also made of a 3.5 mm thick round tube with a diameter of 60 mm. **The goal projection is 1.00 m.**

The net is mounted to the goal frame by means of the milled-in net suspension, which is **deburred on both sides** and guarantees an exact and net-friendly hold of the handball goal nets for **safe playing**. The goal net is attached to the ground frame with the help of welded eyelets and a tension rope (not included).

**Note:** Goal net not included.

## High quality handball goal from the manufacturer

To ensure stability, the handball goal is equipped with a device for anchoring to the ground. The goal for competition and play is also **manufactured in Germany** in the highest quality and offers a **very high stability** and durability due to the robust construction. **TÜV-tested**, this goal meets the currently valid requirements as well as the applicable safety rules.

**Note:** The handball goal with net over hoop is available in the following colors: **aluminum natural, blue / white, red / white, black / white.**

Please also inform yourself further about our [goals for handball](#), which are weatherproof and thus optimally suited for outdoor use.
