SKU: 21502

- 4 m length
- Bright yellow for good visibility
- Triple reinforced fibre plastic
- WA-certified

PRODUCT DESCRIPTION

HIGH JUMP CROSSBAR MADE OF PLASTIC, 4 M LONG

The **high jump crossbar made of glass-fibre reinforced plastic** is 4 m long and has specific ends for a maximum friction resistance. The striking bright yellow training and competition crossbar is made in Germany and is extremely robust and durable. The high jump crossbar is also **certified to World Athletics standards** and **suitable for competitive use**.

The high jump crossbar can be excellently combined with our aluminum high jump stands. The entire system is suitable for training purposes as well as for competition use. For this purpose, we offer our high jump stands in two different lengths. For training and school sports in a length of 2.50 m and for national and international competitions in a length of 3.0 m.
