

LOCKABLE GROUND SOCKET SPECIAL WITH BAR

SKU: 21875

- For profile 80 x 80 mm
- 250 mm insertion depth
- With tilting cover
- Coatable

PRODUCT DESCRIPTION

LOCKABLE GROUND SOCKET SPECIAL WITH BAR

The **special aluminium socket** is suitable for **storm protection of landing areas** ([high jump landing areas](#) and [pole vault landing areas](#)) and **for wheelchair users for discus throwing, shot put and javelin throwing**. The ground socket **can be covered** with a plastic coating so that it can be optimally adapted to the existing appearance. In addition, the special ground socket has a **tilting lid** that can be tilted into the lid pocket via an internal rail. The price refers to 1 piece. The ground socket is **also available as a lockable version with a key**.

The ground socket special with bar is suitable for:

- Storm protection of [high jump landing areas](#) (4 pieces per landing area are required).
- Storm protection of [pole vault landing areas](#) (4 pieces per landing area required)
- Wheelchair users for [discus throw](#) and [shot put](#) (2 pieces required)
- Wheelchair users for [javelin throw](#) (6 pieces required)
