PRODUCT DESCRIPTION

MINI GOAL 3.00 X 1.60 M WITH OVAL PROFILE

The **mini goal in the size 3.00 x 1.60 m** is made of thick-walled aluminum profiles, is **completely welded in one piece** and therefore has a **very high stability**. The goal frame profile used is an oval profile measuring 100 x 120 mm, while the ground frame is made of a 50 x 50 mm profile. The projection of the mini goal is still 1.00 m.

The mini goal has an open back frame and therefore requires an additional goal net. The net is attached by means of the high-quality, milled-in premium net suspension. For a particularly safe and gentle installation of the net, it is deburred on both sides and has **no sharp edges**.

Note: Goal net not included.

Flexibly usable mini goal
