SKU: 30945-HK

- 2.40 x 1.60 m
- Fully welded
- Vandalism-proof
- Net assembly ex works
- without anti-tip protection

### PRODUCT DESCRIPTION

#### MINI GOAL WITH HERCULES NET, VANDALISM-PROOF

The **mini goal with hercules net in the size 2.40 x 1.60 m** is made entirely of aluminum. The aluminum profiles are **welded in one piece** and reinforced several times, making the goal extremely sturdy. While the ground frame consists of a 80 x 60 mm profile, we are using the even more solid oval profile (100 x 120 mm) for the goal frame. The mini goal has a projection of 0.88 cm.

#### Sturdy net with steel inlay

The open back of the goal is equipped with a **vandalism-proof hercules net**. The net consists of a braided polyester line **with steel core**. This makes cut nets a matter of the past.

**We take care of the installation** of the hercules net ensuring that you will get a goal that is ready for use!

**Important note:** mobile goals must be secured against tipping over! If the mini goals should remain mobile, our [weights with wheels](#) are suitable to prevent them from tipping over. These are already integrated into the [Mini goal PROTECTOR](#). The gates are permanently anchored in the ground using **earth anchor ground sleeves**.

## Soccer goals made in Germany

In addition to the mini goal with hercules net, we have soccer goals of **various designs** in our range. All goals are constructed and produced on site. Whether [competition goals](#), [training goals](#), [youth goals](#) or [recreational goals](#) - we make the optimal goal for every occasion!
