The goal frame profile used is a square profile measuring 80 x 80 mm, while the ground frame is made of a 50 x 50 mm profile. The projection of the mini goal is 1.00 m.

The mini goal comes with an open back frame and thus requires a suitable goal net. It is mounted using the high-quality, milled premium net suspension. For a particularly safe and gentle installation of the goal net, it is deburred on both sides and has **no sharp edges**.

**Note:** Goal net not included.
