- Safety net hooks

PRODUCT DESCRIPTION

MOBILE SOCCER TRAINING GOAL WITH COUNTERWEIGHT

Mobile soccer training goal in size 7,32 x 2,44 m. This goal is equipped with plastic safety net hooks. With the help of the net hooks, the goal net can be quickly and easily fixed in the goal frame profile. In addition, the hooks are designed to be extremely flat, ensuring the safety of athletes.

The **mobile soccer training goal -easytec-** has net hoops made of round tube, resulting in an upper projection of 0.80 m and a lower projection of 2.00 m. The soccer training goal is **made of aluminum**. Both the goal frame and the bottom frame are made of an oval profile measuring 100 x 120 mm. **Very high stability** of the construction is also achieved by the fact that the goal is **fully welded** and has high-quality welds.

Anti-tilt device with wheels

An anti-tip device is attached to the training goal, which consists of an aluminum profile with an integrated **steel core filling**. Thus, the mobile soccer training goal has a high

stability, so that a safe training and game operation is ensured. Due to the additionally attached running wheels, the goal is nevertheless mobile and can thus be used flexibly. It can be moved according to the width.

TÜV-tested (TÜV - German Association for Technical Inspection), the mobile soccer training goal -easytec- complies with FIFA and DFB (German Football Association) requirements as well as the applicable rules regarding safety.

Additional required accessories are not included in the scope of delivery. These include: goal net, bar system for net attachment to the ground frame.
