

## MOBILE TRAINING SOCCER GOAL PROTECTOR

SKU: 30022

- TÜV certified
- Fully welded
- With anti-tilt device
- Milled net suspension
- Optionally with ARENA net protection

## PRODUCT DESCRIPTION

### MOBILE TRAINING SOCCER GOAL WITH ANTI-TILT DEVICE

**Mobile training soccer goal made of aluminum:** This goal measures 7.32 x 2.44 m and is already equipped with a very robust anti-tilt device, which also has running wheels. Thus, the training soccer goal is mobile and flexible to use. In addition, the goal has **net hoops**, resulting in an upper projection of 0.80 m and a lower projection of 2.00 m.

The mobile training soccer goal is **made of aluminum**. Both the goal frame and the ground frame are made of an oval profile measuring 100 x 120 x 2.5 mm. **Very high stability** of the construction is achieved by the fact that the goal is **fully welded** and has high-quality welds.

### Anti-tilt device with wheels

An anti-tilt device is attached to the training goal, which consists of an aluminum profile

with an integrated **steel core filling**. As a result, the mobile training soccer goal has a high stability. Due to the additionally attached wheels, the training goal is still mobile and flexible to use. It is movable according to the width.

The mobile soccer training goal comes with the **premium net suspension**. Thus, the goal net is fixed directly in the goal frame profile. The double deburring ensures that the net has an exact **and net-friendly hold** in the goal. This ensures safe playing and training.

### **Soccer training goal with TÜV certificate**

**TÜV-tested** (TÜV - German Association for Technical Inspection), the mobile soccer training goal meets the valid FIFA and DFB (German Football Association) requirements as well as the applicable safety regulations.

Additional accessories required: goal net, pole system for net attachment to the ground frame.

The soccer training goal can be optionally equipped with our **ARENA net protection**. The ARENA net protection is used to close the net groove precisely and to protect the goal net against theft. The net is fixed in place with a screw lock.
