

MOBILE VOLLEYBALL FACILITY

SKU: 33518

- Combination construction
- Made of aluminum
- With wheels
- Recessed weights

PRODUCT DESCRIPTION

MOBILE VOLLEYBALL FACILITY MADE OF ALUMINUM

The **volleyball training facility** is made of aluminum (profile 80 x 80 mm). The facility is manufactured as a combination construction and can be used not only for volleyball but also for **badminton, tennis and high jump**.

Mobile multipurpose volleyball facility

In order to achieve stability, the volleyball facility is equipped with **embedded weights**. Each post requires about 120 kg of weight. In addition, the facility has **extra wide wheels** for easy maneuverability.

We also have matching volleyball nets in our program! Please also inform yourself about the technical details of our volleyball posts.
