

PARTIALLY WELDED TRAINING SOCCER GOAL

SKU: 30005

- 7.32 x 2.44 m
- With net hoops
- Milled net suspension
- Color: natural aluminum

PRODUCT DESCRIPTION

PARTIALLY WELDED TRAINING GOAL MADE OF ALUMINUM

The goal for training has a size of **7.32 x 2.44 m**. The goal and ground frames are each welded in one piece. These are then bolted together in turn. Thus, this goal offers advantages in transport compared to fully welded goals. The training goal has net hoops, resulting in an upper projection of 0.80 m and a lower projection of 2.00 m. To achieve a safe stand of the goal, the goal must be fixed to the ground. The training goal comes with a **device for anchoring to the ground**.

The partially welded training goal is made of **high quality aluminum profiles**. The goal post and bar profile is an oval profile measuring 100 x 120 x 2.5 mm. The ground frame, on the other hand, is made of an 80 x 60 x 3 mm rectangular profile and has rounded corners to reduce the risk of injury. The net hoops are still made of profiles measuring 60 x 3.5 mm.

Secure hold in the net

The **premium net suspension** provides a secure hold of the goal net in the post and batten profile. The goal net can be fixed directly in the aluminum profile, which has advantages for the durability of the net and for the safety of the athletes. The goal net is fixed to the ground frame by means of a rod system and welded eyelets.

The safety standards of our goals are ensured as follows: The training goals are manufactured according to the valid DIN 748 and are also **TÜV certified** (TÜV - German Association for Technical Inspection).

Important note: Mobile goals must be secured against tipping!

Goal net as well as pole system for net fixing are additionally required (not included in delivery).

Sports equipment and soccer goals directly from the manufacturer

Buy partially welded training goals directly from the manufacturer! At artec® sports equipment you get everything your soccer heart desires. As a manufacturer we attach great importance to the quality and durability of our goals and sports equipment. artec® offers you different soccer goals: Whether partially welded training goal, soccer goals 7.32 x 2.44 m, youth goals, recreational goals or even mini goals.
