

PARTLY WELDED SOCCER TRAINING GOAL

SKU: 30007

- 7.32 x 2.44 m
- Milled net suspension
- Oval profile
- Color: natural aluminum

PRODUCT DESCRIPTION

PARTLY WELDED SOCCER TRAINING GOAL

The soccer training goal is partly welded and has a dimension of **7.32 x 2.44 m**. The goal frame as well as the ground frame are each welded in one piece and are bolted together. Thus, this goal has advantages over fully welded goals in transport. In addition, the goal has net hoops made of a profile with dimensions 60 x 3.5 mm. Thus, the **partly welded soccer training goal** has an upper projection of 0.80 m and a lower projection of 2.00 m. The training goal includes a device for anchoring to the ground.

The partly welded training goal is made of high quality **oval aluminum profiles** (100 x 120 x 2.5 mm). The oval profile is used in both the goal and the ground frame. Welded corner connectors provide additional **stability** to the overall construction.

Premium net suspension

The soccer training goal has a **welded-in net suspension**. This means that the goal net is fixed directly in the goal frame profile and therefore no corners and edges protrude. Due to

the double deburring, the goal net also sits extremely securely in the goal and is also fixed in a way that is **gentle on the net**. The net is still attached to the ground frame via a rod system (not included). For this purpose, the soccer training goal already comes with welded-on eyelets.

The training goals are manufactured according to the valid DIN 748 and are **TÜV-tested** (TÜV - German Association for Technical Inspection).

Important note: The partially welded soccer training goal must be secured against tipping!

Not included in delivery are the goal net and the rod system for net attachment to the ground frame.

Soccer training goal and more from manufacturer

Buy partly welded soccer training goals directly from the manufacturer! At artec® Sportgeräte you can get everything your soccer heart desires. As a manufacturer, we attach great importance to the quality and long durability of our soccer goals and sports equipment. artec® offers you a variety of different goals: Whether partially welded soccer training goals, competition goals, youth goals, recreational goals, or even soccer mini goals.
