

POLE VAULT LANDING AREA SILVER WITH INTERMEDIATE BASE

SKU: 21213-SZ

- Double hollow chamber system
- Spike protection
- Anti-slip underbody

PRODUCT DESCRIPTION

POLE VAULT LANDING AREA SILVER WITH INTERMEDIATE BASE FROM ARTEC®

The pole vault landing area SILVER with intermediate base is characterized by the following features:

- Depending on the size, the landing area can be used for different jump heights
 (7 x 5 m: up to 4 m jump height; 8 x 6 m: up to 6.25 m jump height)
- Integrated intermediate base
- Spike protection with movable mesh screen
- Wear mat made of solid PUR foam RG 20
- Double hollow chamber system RG 23
- Mat cover with carabiner quick release fastener
- · Air release strip incorporated in the mat
- Non-slip underlay

The 8 x 6 m landing area is certified by **World Athletics**. The pole vault mat measuring 12 x 6 m is characterized by the fact that it can be jumped on from both sides.

CONTACT

To protect the pole vault landing area from wind and weather, we recommend a support platform made of aluminum or wood, a rain cover and a safety cover. We also offer an overview of our track and field mats in various designs.
