PRODUCT DESCRIPTION

POLYMER CONCRETE GUTTER WITH LAWN EDGE FOR SPORTS GROUNDS (PRICE PER M)

The **sports ground gutter with lawn edge** (5 cm) made of polymer concrete type 125 E is very robustly manufactured and extremely weather resistant. It also has the following properties:

- Temperature resistant without deformation during asphalt paving up to 150°C.
- Construction elements meet the requirements of DIN 18035 Sports ground gutter / drainage
- Polymer concrete is liquid-tight, resistant to a wide range of substances and highly resistant to corrosion
- Laying is done in a straight line according to the manufacturer's installation instructions
