### PRODUCT DESCRIPTION

#### RECREATIONAL GOAL VANDALO MEGA WITH HERCULES NET

The recreational goal VANDALO mega is of the **highest quality** and a real eye-catcher! The goal has a **size of 3 x 2 m**, is made of aluminum and is fully welded. This gives it exceptional stability and durability. The goal frame is made of 80 x 80 mm square profile, while the ground frame is made of rectangular profile with dimensions 80 x 60 mm. The goal with hercules net offers **protection against vandalism**.

#### Vandalism-proof goal net

The goal net of the recreational goal is made of 16 mm thick hercules rope. It is also equipped with special crossing point element connectors, which makes the net very stable. The net comes with a mesh size of 130 x 130 mm and is available in different colors on request. It is securely fastened to the goal, **making unauthorized removal impossible**. As an alternative, we offer the [VANDLAO Mega Light goal](#). With its 7 mm thick Hercules rope, it also provides an effective protection against vandalism damage in public

places.

**Important note:** Mobile goals must be secured against tipping!

### **Recreational goals and sports equipment from the manufacturer**

In addition to the vandalism-proof goal VANDALO mega, we have other goals in our assortment: Whether soccer goals, training goals, youth goals or mini soccer goals - there is a suitable goal for everyone! We would be happy to provide you with more information about the technical details of our goals for the soccer field.
