PRODUCT DESCRIPTION

ROBUST RECREATIONAL GOAL WITH BASKETBALL ATTACHMENT AND SAND FILLING

The **3 x 2 m size recreational goal** has a closed back frame made of aluminum struts. These are filled with sand, which provides **very good noise reduction** when the ball bounces. In addition, the goal is equipped with a **basketball attachment**. This makes the goal excellent for multifunctional use. The goal frame of the goal consists of an oval 100 x 120 mm profile, which has a high wall thickness and is processed in a high quality. This creates an extraordinarily stable and durable goal for sports grounds, playgrounds and soccer fields.

Recreational goal made in Germany

The soccer goal is manufactured in Germany in the highest quality, is fully welded and reinforced several times. This goal offers exceptional stability and durability due to its
