PRODUCT DESCRIPTION

RECREATIONAL GOAL WITH GOAL WALL, SAND-FILLED AND FULLY WELDED

Recreational goal with goal wall is made of thick-walled aluminum profiles (100 x 120 mm profile), fully welded and reinforced several times. This ensures extraordinary stability. In addition, the aluminum struts of the closed back frame are filled with sand, which provides **very good noise reduction** at the impact of the ball.

Robust recreational goal from the manufacturer

The premium class recreational goal is manufactured in the **highest quality** exclusively in Germany and offers a long durability due to the robust construction. The closed back wall with robust and high-quality aluminum profiles guarantees **extreme durability** and offers very good noise reduction due to the sand filling. In addition, the goal wall offers enormous fun. **TÜV-tested** (TÜV - German Association for Technical Inspection), this goal complies with the currently valid FIFA and DFB (German Football Association)
