SKU: 30094-E

- 3 x 2 m
- Made of aluminum
- Safety net hooks
- Color: natural aluminum
- Square profile

PRODUCT DESCRIPTION

RECREATIONAL GOAL WITH NET HOOKS, FULLY WELDED

The **recreational goal with safety net hooks** has a dimension of 3 x 2 m. The upper projection is 0.80 m, while the lower projection is 1.00 m. The goal is also completely welded in one piece and has extraordinary stability. **TÜV-tested** (TÜV – German Association for Technical Inspection), the goal meets all safety requirements. The robust goal is **made of aluminum**. The goal frame is made of an 80 x 80 mm square profile, while the ground frame is made of a rectangular 80 x 60 mm profile. The back of the goal is open, so a net is needed (not included). This can be quickly and easily installed using extremely flat designed and therefore safe plastic **net hooks**.

Important note: Mobile goals must be secured against tipping!

Recreational goals and more in best quality

In addition to the recreational goal with net hooks or milled net suspension, we have other

goals in our program: Whether soccer goals, training goals, youth soccer goals or mini goals - there is a suitable goal for everyone! We would be happy to provide you with more information about the technical details of our goals for the soccer field.
