

## ROBUST HIGH JUMP STAND MADE OF ALUMINUM

SKU: 21610

- 1 pair
- Adjustable up to 3 m
- World Athletics certificate

### PRODUCT DESCRIPTION

#### HIGH JUMP STAND MADE OF ALUMINUM (PAIR)

The **aluminum high jump stand** is adjustable from 0.50 m to a height of 3 m. It is certified by World Athletics and therefore suitable for national and international competitions. In addition, the high jump stand has the following features:

- Slat support with fine height adjustment
- Scratch-resistant measuring scale embedded in the profile
- Including spirit level
- T-foot with steel inlay and leveling screws

In addition to the robust high jump stand, we have high jump landing areas (with support platform, rain covers or visibility covers) in our program. So at artec® you get the complete equipment for a high jump facility!
