

ROOF PADDING FOR TEAM CABINS

SKU: 30208

- Price per metre
- Additional equipment for team cabins
- Made of foam
- Additional safety for athletes and coaches
- Individual lengths available

PRODUCT DESCRIPTION

ROOF PADDING AS ADDITIONAL EQUIPMENT FOR TEAM CABINS

This additional **roof padding for team and coaches cabins** provides impact protection for the heads of players and coaches. This is because players and coaches often unconsciously jump upwards when celebrating a goal and can hit the edge of the roof of the team cabin and injure themselves. With the roof pad, the front edge of the team cabin is equipped with a soft foam, so that the risk of injury can be reduced.

This **practical additional equipment** upgrades our team cabins and provides you with additional safety.
