

## SINGLE MAST BASKETBALL SYSTEM

SKU: 37600

- Projection 1.65 m
- Made of aluminum
- With backboard, hoop and net

### PRODUCT DESCRIPTION

#### SINGLE MAST BASKETBALL SYSTEM MADE OF ALUMINUM

The single mast basketball system with a projection of 1.65 m is made of aluminum and is manufactured from oval profiles (100 x 120 mm). In addition, the basketball system is **fully welded** to achieve maximum stability.

**Important note:** According to DIN EN 1270, basketball stands with a projection of less than 2.25 m must be equipped with a [protective pad](#).

#### With basketball hoop, basket net and backboard

The high-quality basketball system with a pole comes with a backboard measuring 1.80 x 1.05 m. This is made of coplast and is **weather resistant**. The steel basketball hoop is galvanized and also powder coated in orange color. It is equipped with a white **basketball net made of nylon** (6 mm material thickness).

In addition to fully equipped facilities, the basketball stands, backboards, basketball hoops

as well as basket nets are also available individually. As a manufacturer, we are also happy to give you an overview of our outdoor basketball systems!
