PRODUCT DESCRIPTION

SOCCER CAGE - A FOOTBALL CAGE FOR ALL OCCASIONS!

Our **Soccer Cage -OctoPitch-** brings a lot of action to a small area. With a **diameter of 5.00 m** and a **height of 2.50 m**, the football cage fits almost anywhere. The small playing area guarantees exciting and fast-paced 1 vs. 1 duels. This makes the Soccer Cage ideal for sweat-inducing **training sessions** as well as for **public events, business events and leisure or football camps**. The integrated goals measure 1.20 x 0.80 m and have a projection of 0.50 m, exactly the same size as the smallest mini goals. The Soccer Cage is equally suitable for children and adults.

Mobile football cage for all age groups

The fact that our OctoPitch is **robust** has already been demonstrated by its use at several events in the past. Among other things, the octagonal football cage was in constant use for two days at the **SO-TECH Cup, an international handball tournament in Germany.**

A **sturdy construction** and high-quality materials ensure sufficient stability **without additional ground anchoring**. The **mobile mini soccer arena** consists of eight individual elements made from durable aluminium profiles. The hard-wearing coplast perimeter elements can withstand even the most powerful shots. Up to a height of 2.50 metres, the balls are kept inside the cage by a close-meshed ball catch net. Entry and exit is via a single-leaf door that can be securely closed. This means no danger for the immediate surroundings!

Assembly and disassembly without tools

The artec Soccer Cage **can be assembled completely without tools**. The eight elements (each approx. 2.00 x 2.50 m) are simply hooked together. Goals, nets and the access door are already pre-assembled by us. This means that the football cage can be set up almost anywhere. The only requirement is an open area of approx. 6.00 x 6.00 m with a firm, even surface. Two to three people are required to set it up.

Advertising space for sponsors

The five full-surface perimeter elements are ideal to use as **advertising space for sponsors**. When finished print data is supplied, **we will wrap the surfaces** for an additional charge. The standard delivery does not include foiling.

Soccer Cage FOR RENT

You can hire our football cage -OctoPitch- on request, including transport and set-up for your event. The **artec® version** (see photos) is the highlight at any event and is fun for all ages. We look forward to receiving your enquiry with details of the planned use by e-mail to info@artec-sportgeraete.de or directly here via the **enquiry function in our shop**.
