SKU: 30035

- Color: aluminum natural
- 7.32 x 2.44 m
- With net hangers
- Milled net suspension
- Optionally with ARENA net protection and protective sleeve

PRODUCT DESCRIPTION

SOCCER GOAL 7.32 X 2.44 M WITH NET HOOPS

This soccer goal has a size of 7.32 x 2.44 m. In addition, it comes with net hoops, resulting in an upper projection of 0.80 m. The lower projection can be between 1.50 and 2.00 m, depending on the chosen ground frame. The goal is fully welded and very durable due to its **robust construction**. Welded miters as well as welded corner connectors, which also serve as adapters for the post, create extremely good stability. In order to achieve a high stability of the goal on the field, it is also **mounted in ground sockets** (not included). The goal is thus firmly anchored in the ground.

This **aluminum soccer goal** is made of oval profiles 100 x 120 mm. The wall thickness of this profile is 2.5 mm. The color of the competition goal is natural aluminum.

Confirmed product quality

The **premium net suspension** is a milled suspension, which is deburred twice. Thereby no

sharp edges occur, so that the net can be protected and the durability can be extended. The goal net also has a **very firm hold in the competition goal** and can therefore withstand even the strongest kicks.

The robust goal is manufactured according to the applicable DIN 748 and also meets the safety regulations of the **DFB** (German Football Association) and **FIFA**. Accordingly, the competition goal is also **TÜV-certified** (TÜV – German Association for Technical Inspection).

Note: Ground frame, ground sockets and goal net are not included.

Accessories for our stationary soccer goals

The 7.32 x 2.44 m soccer goal can be optionally equipped with our **ARENA net protection** and **protective sleeves**. The ARENA net protection is used to close the net groove precisely and secures the goal net against theft. It is fixed in place with a screw lock. The welded sleeve on the goal posts guarantees an exact installation height of the stationary goal and at the same time prevents soiling of the ground socket.

High quality products directly from the manufacturer

At artec® Sportgeräte you get everything your soccer heart desires. We set a high value on product quality as well as durability of our soccer goals and sports equipment. artec® offers you a variety of high-quality soccer goals for different applications: Whether competition goals, mobile training goals, youth goals or even recreational goals and mini goals.
