SKU: 30020-E

- Color: white
- 7.32 x 2.44 m
- With tension rods
- Safety net hooks
- Optionally with protective sleeve

PRODUCT DESCRIPTION

SOCCER GOAL WITH NET HOOKS

The **soccer goal with net hooks** type -easytec- differs from the premium soccer goal by the net hooks used. The large field goal is equipped with **very flat designed net hooks**, which can be fixed quickly and easily in the goal post and crossbar profile. All other technical details are largely the same as those of the premium soccer goal:

The competition goal with free net suspension is manufactured from **high-quality aluminum profiles**. The oval profiles 100 x 120 mm are delivered powder-coated (color white). The size of the soccer goal is **7.32 x 2.44 m**. The large field goal is mounted in ground sockets (not included) and has tension rods (60 x 6 mm) for free net suspension. These are also embedded in ground sockets. The tension rods result in both an upper and a lower **projection of 2.00 m**.

Note: Ground frame, ground sockets for the soccer goal and the tension rods as well as the goal net are not included.

Soccer goal with net hooks - Certified quality from the manufacturer

The miters of the soccer goal with free net hooks are welded. In addition, corner connectors are welded in, which also serve as adapters for the goal posts. Due to the robust construction and high-quality material, the competition goal is extraordinarily **stable and durable**. The soccer goal with net hooks in free net suspension is manufactured according to DIN 748 and is **TÜV certified** (TÜV – German Association for Technical Inspection). Thus, it meets the requirements of FIFA and DFB (German Football Association).

The soccer goal can be optionally equipped with **protective post sleeves**. The additionally welded sleeve on both posts guarantees an exact installation height of the stationary soccer goal and at the same time prevents soiling of the ground sleeve.

Sports equipment and more in top quality

At artec® Sportgeräte you get everything your soccer heart desires. We attach great importance to product quality and durability of our products. artec® offers a variety of different goals: Whether competition goals, mobile training goals, youth goals or even recreational goals and mini goals.
