SKU: 30030-E

- Color: white
- 7.32 x 2.44 m
- With net hoops
- Safety net hooks
- Optionally with protective sleeve

PRODUCT DESCRIPTION

SOCCER GOAL WITH NET HOOPS AND FLAT NET HOOKS

The **soccer goal with net hoops -easytec-** has very flat designed net hooks made of plastic for the **safety of the players**. This allows the goal net to be quickly and easily attached to the goal frame profile. All other technical details correspond to those of the premium model (with milled net suspension):

The soccer goal has a size of 7.32 x 2.44 m and thus meets the **requirements for a competition goal**. The goal is made of 2.5 mm thick oval aluminum profiles (100 x 120 mm) and comes in white color. It has **net hoops**, so no tension rods are needed. This results in an upper projection of 0.80 m and a lower projection of 2.00 m.

Certified competition goal

Stable construction is achieved by tightly welded miters and welded corner connectors. The corner connectors also serve as adapters for the goal posts. The soccer goal is

anchored in ground sockets (not included), which in turn are firmly concreted into the ground. Thus, a very high stability can be guaranteed.

The soccer goal with net hoops is manufactured according to the valid DIN 748 and meet the **requirements of FIFA and DFB** (German Football Association). The fact that the goals have the valid safety standards is also proven by a TÜV certificate (TÜV – German Association for Technical Inspection).

Note: The ground frame, ground sockets and the goal net must be purchased separately.

The soccer goal can optionally be equipped with welded **protective sleeves**. The sleeve on both posts guarantees an exact installation height and at the same time prevents soiling of the ground sleeve.

High quality products directly from the manufacturer

At artec® Sportgeräte you get everything your soccer heart desires. We attach great importance to product quality as well as durability of our soccer goals and sports equipment. artec® offers you a variety of high-quality and robust soccer goals for different applications: Whether professional competition goals, mobile training goals, youth goals or even recreational goals and mini goals. Our sports equipment assortment leaves nothing to be desired! Simply select the suitable goal in the store and let us convince you of the quality! We would also be happy to provide you with further information about the technical details of our goals.
