- Color: natural aluminum
- 7.32 x 2.44 m
- With tension rods
- Safety net hooks
- Optionally with protective sleeve

PRODUCT DESCRIPTION

SOCCER GOAL WITH TENSION RODS AND NET HOOKS

The soccer goal with tensioning rods comes in the **easytec version** with extremely **flat designed safety net hooks**. These can be quickly and easily attached to the goal frame profile so that the net has a secure hold in the goal. All other technical details match those of the premium model (with milled net suspension):

The soccer goal in the **size 7.32 x 2.44 m** has tension rods for **free net suspension**. This results in both an upper and a lower projection of the goal of 2.00 m. The tension rods are mounted in ground sockets (not included), just like the soccer goal itself, so that a firm stand is guaranteed.

Note: Ground frame, ground sockets (for soccer goal and tension rods) and the goal net are not included.

Confirmed product quality

The large field goal with tension rods has an extraordinary **stability and durability**. This is achieved by the robust construction: The miters are firmly welded. Furthermore, welded-in corner connectors stabilize the overall construction and also serve as adapters for the post. The soccer goal is manufactured with tension rods **made of aluminum**. The aluminum profile has the dimensions 100 x 120 mm and a wall thickness of 2.5 mm. The goal comes in the color aluminum natural.

The **soccer goal with tension rods** -easytec- complies with the rules of FIFA and DFB (German Football Association). Furthermore, we manufacture the soccer goal according to the common DIN standard. The goal is also TÜV certified (TÜV – German Association for Technical Inspection) so the soccer goal with net hooks also complies with the current safety rules.

The soccer goal can be optionally equipped with **protective sleeves**. The additionally welded post sleeve on both posts guarantees an exact installation height and at the same time prevents soiling of the ground sleeve.

Buy soccer goals and sports equipment from professionals

Buy soccer goals with tension rods directly from the manufacturer! At the sports equipment manufacturer artec® you get everything that the soccer heart desires.
