

TRAINING SOCCER GOAL -EASYTEC-, PARTIALLY WELDED

SKU: 30007-E

- 7.32 x 2.44 m
- Safety net hooks
- Oval profile
- Color: aluminum natural

PRODUCT DESCRIPTION

PARTLY WELDED SOCCER TRAINING GOAL

The partially welded **soccer training goal -easytec-** is equipped with **safety net hooks**. These are designed very flat for the safety of the athletes and can also be quickly and easily attached to the goal frame profile. The net is attached to the ground frame using a rod system (not included). There are already welded eyelets on the training goal for this purpose.

The goal frame and the ground frame of the training goal are each welded in one piece. These are then in turn bolted together. The goal has net hoops made of round tube (60 x 3.5 mm). Thus, the partially welded soccer training goal has an upper projection of 0.80 and a lower projection of 2.00 m. In addition, the goal has a device for ground anchoring.

Stability and safety

The **training goal is made of aluminum**. Both the goal frame and the ground frame are made of oval profiles 100 x 120 mm. Welded corner connectors also provide additional

stability to the overall construction. The training goal -easytec- is manufactured according to the valid DIN 748. In addition, it is **TÜV-tested** (TÜV - German Association for Technical Inspection).

Important note: Mobile soccer training goals must be secured against tipping!

Not included in the scope of delivery of the training goal are the goal net and the pole system for net attachment to the ground frame.
