

## STADIUM SOCCER GOAL WITH TENSION RODS

SKU: 30020

- Color: white
- 7.32 x 2.44 m
- With tension rods
- Milled net suspension
- Optionally with ARENA net protection and protective sleeve

### PRODUCT DESCRIPTION

#### STADIUM SOCCER GOAL WITH FREE NET SUSPENSION

**This stadium soccer goal with tension rods and free net suspension** has the dimensions 7.32 x 2.44 m and is mounted in ground sockets. The tension rods for free net suspension have a profile of 60 x 6 mm. Like the goal itself, these must also be **mounted in ground sockets** (not included). Both the upper and lower projection is 2.00 m. The miters of the soccer goal are welded, which ensures **high stability**. Welded corner connectors also serve as adapters for the post. This robust construction makes the goal exceptionally stable and durable.

Our stadium soccer goal with tension rods is made of **high-quality aluminum profiles**. These have an oval profile of 100 x 120 mm and a wall thickness of 2.5 mm. The aluminum is powder coated in the color white.

**Note:** Ground frame, ground sockets, goal net (not included).

## TÜV-certified stadium soccer goal with tension rods

For a particularly secure hold of the goal net, this is deburred twice. The high-quality milling without sharp edges ensures a **net-friendly net mounting**. The net mounting can also be done quickly and easily.

The soccer goal with free net attachment for competition is manufactured according to DIN 748 and has a **TÜV certificate** (TÜV – German Association for Technical Inspection). Thus, it complies with the currently valid **FIFA and DFB** (German Football Association) requirements as well as the applicable safety rules.

At artec® Sportgeräte you **buy soccer goals directly from the manufacturer** from our own production. We always construct our soccer goals according to the latest state of the art. This concerns on the one hand the safety standards and on the other hand the technical execution itself. For this purpose, we work with the most modern production methods, such as laser and milling technologies. Thus we guarantee for our customers at any time highest quality criteria with a very high durability of our products!

## Accessories for stationary goals

The soccer goal can be optionally equipped with our **ARENA net protection** and post sleeves. The ARENA net protection is used to close the net cutout precisely and secures the goal net against theft. It is fixed in place with a screw lock. The additionally welded **protective sleeve** on the post guarantees an exact installation height of the stationary soccer goal and at the same time prevents dirt from accumulating in the ground socket.

## Soccer goals directly from the manufacturer

At artec® Sportgeräte you get everything the soccer heart desires. We attach great importance to the quality and durability of our soccer goals and sports equipment. artec® also offers a variety of different goals: Whether competition goals, mobile training goals, youth goals or even recreational goals and mini goals. Our assortment leaves nothing to be desired! Simply select the suitable soccer goal in the store and let us convince you of the quality! Please also inform yourself about the technical details of our goals.
