PRODUCT DESCRIPTION

STARTING BLOCK FOR COMPETITION MADE OF ALUMINUM

The **competition starting block** is made of aluminum and equipped with spikes for plastic track surface. The blocks are coated with plastic. They are also **adjustable in step length and angle of attack**, so they can be optimally adjusted to the needs of athletes. For easy transport, the starting block has a carrying handle.

TÜV-tested, this starting block meets the currently valid requirements of **World Athletics** as well as the German Armed Forces standard.

Material	Aluminum
Adjustability	Step length and angle of attack adjustable
Carrying handle	Yes
Certification	certified by World Athletics
