

STATIONARY POLE VAULT STAND

SKU: 21200

- Price per pair
- Made of aluminum
- 1.80 m to 6.50 m height
- World Athletics certificate

PRODUCT DESCRIPTION

STATIONARY POLE VAULT STAND MADE OF ALUMINUM

The **stationary pole vault stand** made of aluminum is manufactured from an oval profile with the dimensions 100 x 120 mm. The height adjustment is infinitely variable and ranges from **1.80 m to 6.50 m**. The dimensional scale for reading the height is printed on a plastic toothed belt. The position of the uprights can be adjusted with an **movable slide in running rails**.

For a safe stand of the stationary pole vault stand, the running rails are firmly **mounted in ground sockets**. The pole vault stand is also **certified by World Athletics** and therefore suitable for professional competitions.

Note: The indicated price is per pair.

Equipment for pole vault facilities

Buy stationary pole vault stand directly from the manufacturer! In addition to pole vault stands, we have other products for **pole vault equipment** in our assortment. These include

high-quality [pole vault landing areas](#) (with support platform, rain cover and safety cover), [pole vault troughs](#) and [pole vault accessories](#). Please also inform yourself further about our designs of landing areas for athletics!
