Barrier

- Permanently installed barrier made of coplast, embedded in ground sockets
- Playing field barrier made of unbreakable plastic elements, stable and weatherproof
- All-round, high-quality aluminum profiles for the retaining construction
- Height of barriers: approx. 1.00 m; element length: 2.50 m
- No stands or other fixtures in the playing field area, reducing the risk of injury to the players
- The barriers are suitable for perimeter advertising
- Stainless steel / aluminum screw connections and retaining structures are included
- Ball catching posts made of special aluminum profiles
- Ground sockets for setting in concrete included

Recreational goals

- 2 recreational goals (size: 3 x 2 m), square profile made of aluminum: 80 x 80 mm, with open back and side entrance
- Double deburred, milled net suspension, for safe net installation, reduced risk of injury
- Ground anchoring with composite anchors

Ball catching system

- Ball catching posts around the soccer court
- All-round ball stop net up to 3 m high (2 m above the perimeter), mesh size 100 mm, green

Assembly and additional equipment

Stationary soccer court directly from the manufacturer! We offer a soccer court for highest demands **including assembly** (note: ground sockets must be installed by the customer beforehand). If desired, the mini playing field can be combined **with further additional equipment**:

- Barrier with glazed barrier elements

- Barrier advertising for your sponsors
- Stable multifunctional posts (volleyball, tennis, badminton and fistball)
- Noise reduction: on request with noise-reducing fittings and insulation panels possible
- Mini goals in all common sizes
- Different types of goals (e.g. closed back or also with basketball attachment)
- Ball stop nets can also be stretched over the soccer court
- Instead of ball stop nets, ball stop grids are also possible

Note: The ground coverings as well as all ground installation parts are to be provided by the customer!

Dimensions	15 x 10 m, 20 x 13 m, 30 x 15 m, 40 x 20 m
Model	Stationary
