

## TEAM AND COACHES CABIN MUNICH

SKU: 30195

- Various sizes
- Curved roof
- Made of aluminum
- In the upper part made of macrolon
- With carrying handles and base plate

### PRODUCT DESCRIPTION

#### FULLY WELDED TEAM AND COACHES CABIN MUNICH

The **team and coaches cabin** is made of thick-walled aluminum profiles and reinforced several times. This creates an exceptionally **stable and durable premium class team cabin**. The upper area of the rear wall as well as the side walls also consist of macrolon glazing for optimal visibility. The roof is curved backwards so that rain can run off. In addition, the coaches bench has carrying handles welded on both sides for **comfortable transport** and welded lugs (5 pieces) for ground anchoring. For a reliable fastening, we recommend our matching [ground anchor sockets \(set of 5\)](#).

#### Modern and robust coaches bench

The team and coaches cabin is available in **3 m, 4 m, 5 m, 6 m and 8 m** length. Other sizes are available **on request**. All versions have a height of 2.25 m and a depth of 1 m. The cabin is delivered in one piece, so that **no major assembly effort** is required. On the part of artec® we recommend anchoring to the ground.
